NEVER HAVE I EVER

Struggle Bingo

Made my mom crazy because I ask too much about cleaning products	Spent too much money on groceries shopping	Didn't know what type of cleaning product to use for a specific problem	Hate spending money on groceries because it's so expensive
Spent over 5 minutes trying to find something specific in your bag	Been too lazy to use coupons or look at the discounts of supermarkets	Was jealous of someone with an organized bag	Used a wrong cleaning product trying to clean something

SUPERMARKETING

Make a shopping list in advance so you buy what you need!

Do your shopping just before closing time, you often get a discount on vegetables, fruit and meats!

Buy the supermarkets own brand, instead of A-brands that we all know!

Buy the discount packs. When you cook your dish, you can freeze the rest!

Sometimes vegetables are cheaper in certain seasons or you can buy them cheaper at the local farmer!

Keep an eye on the offers and see if you can tailor your dishes accordingly!
